11. Technical Evaluation--

(1) Technical evaluation will be done by a committee to be nominated by the Commission taking into account the criteria mentioned below. Each criterion shall be marked on a scale of 1 to 100 and then the marks for each criterion shall be weighted to become average technical scores. Weights in the following ranges will be used by the technical committee, with the approval of the Commission, to calculate the weighted average technical score for each proposal :--

| Criterion | Range of Weights |
|--|------------------|
| The Consultants relevant experience for the assignment | 0.10 to 0.40 |
| The quality of the methodology proposed | 0.20 to 0.50 |
| The qualifications of the key staff proposed | 0.30 to 0.60 |
| The extent of transfer of knowledge to the staff of the Commission | 0.05 to 0.35 |

Note--The mix of weights approved by the Commission will total to 1.

(2) Where the assignment depends critically on the performance of the key staff, the proposal shall be evaluated on the qualifications of the individuals proposed to be appointed using the following criteria :--

- General qualifications** : General education and training, length of experience, positions held, time with the consulting firm as staff, experience in developing countries etc.
- Adequacy for the assignment** : Education, training, experience in the specific sector, field, subject and relevance to the particular assignment.
- Regional Experience** : Knowledge of the administrative system, organization and culture at the local/regional level.

(3) After the technical evaluation is completed the Commission shall inform those Consultants whose proposals did not meet the minimum qualifying mark or were considered non-responsive to the terms of reference, and their financial proposals will be returned unopened after completing the selection process. The Commission shall have the right of distribution of marks on the basis of nature and requirement of the assignment. Simultaneously, those Consultants who have secured the minimum qualifying marks shall be informed about the date and time for opening the financial proposals, giving sufficient time for the Consultants to be present at the opening should they so desire.

12. Financial Evaluation--

(1) The financial proposals of the pre-qualified Consultants will be opened by the committee in the presence of consultants or their representatives whose bids are shortlisted for financial evaluation. The proposed prices shall be read aloud and recorded in minutes of the proceedings.

(2) The Secretary will cause a review of the financial proposals to be done. Arithmetical errors will be corrected. The cost will be converted to a single currency using uniform selling (exchange) rates.

(3) The proposal with lowest cost will be given a financial score of 100 and other proposals given financial scores that are inversely proportional to their prices.

13. Evaluation of Financial and Technical Scores--

(1) The total score shall be obtained by weighting the technical and financial scores and adding them and the consultant with highest total score shall be invited by the Commission to enter into a contract within the prescribed time limit. The weight for the financial score shall be as prescribed by the Commission in each case taking into account the complexity of the assignment and the relative importance of quality. However, the weight will never exceed 0.3 for the financial score in any case.

(2) The Commission may appoint a negotiating committee to enter into both technical and financial negotiations. Where technical negotiations are conducted they will be completed prior to pre-qualification of the Consultants. Financial negotiations can be entered into for any aspect of the financial proposal including the unit rates for staff months, contingency amounts, lump sum reimbursement of travel and living expenses and payment terms.

(3) The Commission may reject any or all proposals if they are found to be unresponsive or unsuitable either because they represent major deficiencies in complying with the TOR or they involve cost substantively higher than the original estimate.

(4) If the Consultant, finally selected for award of contract on basis of above procedure, fails to enter into a contract within the time limit as may be prescribed by the Commission or failed in the performance even after the signing of the contract, the Commission will invite the consultant who has scored the second highest score on consideration of Financial and Technical bids for award of the contract.

14. Single Source Selection--

Single source selection may be used in exceptional cases where it is appropriate and represents a clear advantage because the tasks represent a natural continuation of previous work carried out by the Consultant, or where a rapid selection is essential, or for small assignments where the fee payable does not exceed Rs. 5 lakhs in each case or where only one firm is qualified or has experience for the assignment.

15. Selection of Individual Consultants--

(1) Individual Consultants will be employed for assignments for which teams of personnel are not required, no additional outside (home/office) professional support is required, and where the experience and qualifications of the individual are the paramount requirements.

(2) Individual Consultants will be selected on the basis of their qualifications for the assignment. They may be selected on the basis of references or through comparison of qualifications among those expressing interest in the assignment or approached directly by the Commission. Capability will be judged on the basis of academic background, experience and, as appropriate, knowledge of local conditions, administrative system and government organization.

16. Conflict of Interest--

Consultants shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients or that may place them in a position of not being able to carry out the assignments objectively and impartially.

17. Saving of Inherent Power of the Commission--

Nothing in these provisions shall bar the Commission from adopting a procedure which is at variance with any of the provisions of these Regulations, if the Commission, in view of the special circumstances of the matter or class of matters and for reasons to be recorded in writing, deems it necessary or expedient to depart from the procedure prescribed in these Regulations.

18. General Power to Amend--

The Commission may at any time and on such terms, as it may think fit, amend any provision of these Regulations for the purpose of meeting the objectives with which these Regulations have been framed.

19. Power to Remove Difficulties--

If any difficulty arises in giving effect to any of the provisions of these Regulations, the Commission may, by general or special order, do anything, not being inconsistent with the provisions of the Act, which appears to it to be necessary or expedient for the purpose of removing the difficulties.
